-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 06 November 2001.
- 2a) ☐ This action is **FINAL**. 2b) ☒ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

DETAILED ACTION

Drawings

1. Figure 10 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim Objections

2. **Claims 1,3, 5** are objected to because of the following informalities:
 - a. Regarding **claim 1**, commas are necessary between the terms "phase lock loop" and "comprising" on line 21 and "phase control unit" and "according" on line 23.
 - b. Regarding **claim 1**, the abbreviation, "AM", should be followed by the equivalent spelled-out terminology on the first occurrence.
 - c. Regarding **claims 3 and 5**, the term "phase control" performed by the first and second phase control unit should be differentiated by using terms such as "first" and "second" to indicate a dissimulation between the outputs from the first and second phase control unit.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. **Claims 1, 3, and 5** are rejected under 35 U.S.C. 112, second paragraph, as vague, unclear and indefinite due to the recitation of "a detection unit which detects whether the detection signal when it detects that a signal obtained by AM wave-detection of the wave-detection signal has a predetermined relationship with respect to a predetermined amplitude level". It is suggested that the change is changed to the following, assuming that the detection unit recited is equivalent to the "AM detection unit" disclosed in the specification and drawings:

"a detection unit which detects whether the wave-detection signal, when it detects that the AM modulated input signal, has a predetermined relationship with respect to a predetermined amplitude level".

Note: the commas between "signal" and "when" and "signal" and "has is necessary to clarify the claim.

Allowable Subject Matter

4. **Claims 2, 4 6** would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
